

G3 PRO SHAMPOO

CLEAN & FINISH CONCENTRATED

SOFTENS AND LIFTS DIRT LEAVING A HIGH GLOSS SHINE

PRODUCT DESCRIPTION

High foaming action with special lubricants that provide a smooth, easy glide use to remove harsh contaminants without scratching. Highly concentrated formula means a little goes a very long way (20ml of shampoo : 10 litres of water) – great quality to value ratio.

HOW TO USE

1. The 2 bucket system:
Bucket 1 = 500 parts lukewarm water : 1 part product (10 L : 20 ml)
Bucket 2 = clean, lukewarm water
2. Place a wash mitt into the shampoo solution
3. Wash vehicle, with the soaked mitt, in sections
4. Clean the mitt in the lukewarm water between washes to remove dirt
5. Place the clean mitt back into the shampoo solution and clean the rest of the vehicle, washing the mitt between uses
6. Rinse off soapy residue and dry
